

## Prime Laminating Incorporated

### Komo VR 510 Mach One S

- **Versatile! Capable of machining:**
  - Plastic
  - Wood
  - Non-ferrous metal (sheet, plate and bar)
  - Honeycomb core
  - Many other materials
- **Large!**
  - Working area of 60" x 120"
  - Powerful 40HP high flow vacuum hold down system reduces the need for mechanical clamping
- **Fast!**
  - High speed travel (up to 3,150" per minute) reduces process time
  - Aluminum grid vacuum table reduces setup time
  - 15HP-18,000 RPM spindle allows for high feed rates
- **Accurate!**
  - +/- .0004" unidirectional repeatability
  - +/- .0008" unidirectional accuracy
